All coupons are valid for purchase throughout February, except a few bread coupons, which are specially marked for limited periods of validity. In industrial catering, in brigade kitchens, in convalescent homes, and in catering for children, youth, and schools, bread coupons may be surrendered regardless of their limited validity. Daily milk rations must be consumed each day.

Special provisions are made for persons who are billeted communally. They are issued individual ration cards, but the management of their institution may present the coupons in bulk to the various suppliers.
